

Toolbox Overview

This guide provides an overview of the Toolbox feature in the Vision Navigation software.

1 Click "Toolbox"

2 The toolbox assists with the administrative work of managing your plan.

Here you can review all the attachments for the plan, update team assignments through Reassign Users or Team Management, or review Vision Navigation legal documents, such as the End User Agreement or Privacy Policy.

Clicking More Tools will take you to the Professional Growth Systems homepage where you can see other services PGS can provide to help your organization.
