

Whole Team Plan Tile View

This guide provides a general overview to the Whole Team Plan tile view and how to filter projects by owner. For specific details on the Tile View icons reference How to View and Edit My Plan.

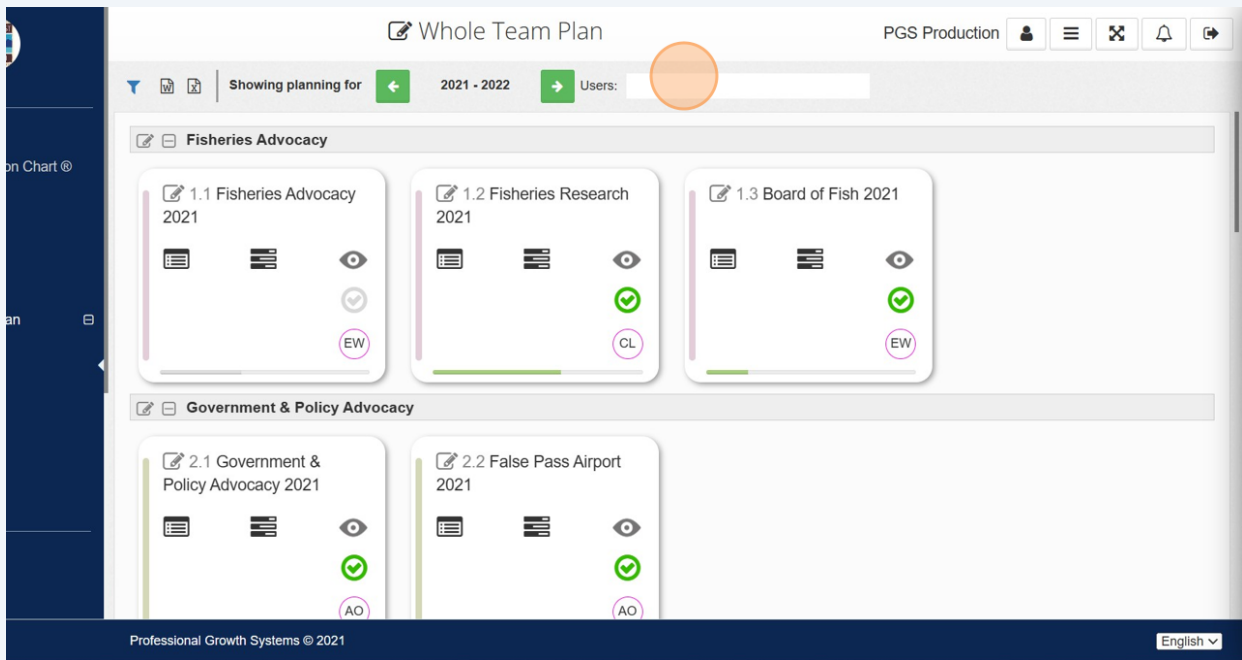

1

The Whole Team Plan menu option now includes Classic View and Tile View. Click Classic View for the traditional table view as shown below. Click Tile View for a streamlined view of the projects.

2

In Tile View you can filter the projects by Owner by clicking on the Users search bar.

3

The list of owners will be populated in a drop down menu. You may also type the name of the owner you are searching for.

4

Click on the Owner's name you wish to view, and the other projects will be filtered out. To remove the filter, delete the name in the User Box.
